Can you hear it?

Get ready to **Get Loud**.

Coming soon for Fire Prevention Week 2021 #GetLoud

Get Loud! and Learn the Sounds of Fire Safety!

The Chisholm Township Fire Department is challenging residents to test their smoke and carbon monoxide alarms and "Get Loud!" as part of Fire Prevention Week, October 3rd to 9th, 2021. "Knowing the different sounds your smoke and carbon monoxide alarms make can save you, your loved ones, and your home. Get Loud! by testing your alarms every month to learn the sound they make and to ensure the batteries work," says Fire Chief Ray Ford. "Take immediate action if your smoke or carbon monoxide alarms sound. If the alarms beep in an emergency get everyone out of the home. If your alarms chirp, replace the batteries or alarms immediately."

By law, every home in Ontario must have a working smoke alarm on every storey and outside all sleeping areas. However, too often fatal fires in Ontario occur in homes where there were no working smoke alarms. "Get Loud!" by pushing the test button on smoke and carbon monoxide alarms every month to learn the sound alarms make. The alarms should make a beep during an emergency, but if you hear a chirp, it means the batteries or alarm need to be replaced. Testing your alarms is the only way to ensure they are working and that you and your family can be alerted in the event of a fire.

Visit the Chisholm Township Fire Department's fire prevention display **Saturday, October 2nd, 2021** during the Pumpkin Farmstand Tour at Pine Ridge Acres, 2589 Chiswick Line.

While you're there, test a smoke alarm and win a prize!

T9-1-1

TEXT WITH 9-1-1 SERVICE

For the Deaf, Hard of Hearing and Speech Impaired

The Ontario Provincial Police (OPP) is now pleased to offer Text with 9-1-1 service to persons who are deaf, hard of hearing or speech impaired.

What is T9-1-1?

T9-1-1 is a free service that allows you to send a text message (not more than 160 characters) to 9-1-1. Text messages are sent to the 9-1-1 call centre via a text message gateway. It is not an emergency service.

How does T9-1-1 work?

1. Register your cell phone to 9-1-1 with your wireless carrier. A list of carriers is available at www.911.ca/voiceover.

2. In an emergency, dial 9-1-1 as if making a voice call. Do not send a text message or dial 9-1-1. Communicate with the 9-1-1 operator via text message and provide all relevant information for your emergency, location and the emergency assistance required.

Will T9-1-1 work everywhere in Ontario?

Yes, T9-1-1 is available in all of Ontario. In the emergency services of Ontario, the use is expanded to provide 9-1-1 text messaging in all of the province's municipalities. T9-1-1 is available in your area.

Where can I find more information?

A range of useful information is available online at www.911.ca/t911.
