TOWNSHIP ROADS

Township staff work hard to maintain our road system, and we would like to kindly ask that ATV drivers respect the roads, and avoid causing unnecessary damage that results in additional labour and costs to our taxpayers.

MESSAGE FROM FIRE CHIEF, RAY FORD

Chisholm's not immune to emergencies. The township emergency plan lists flooding, infectious disease outbreaks, wildfire, severe weather and prolonged hydro outages among the hazards likely to disrupt daily life in the municipality. Preparing an emergency kit — including enough supplies for at least three days — is a crucial step towards keeping your family safe.

Build your kit with these essential items:

- food (non-perishable and easy-to-prepare items, enough for three days) and a manual can opener
- bottled or bagged water (4 litres per person for each day) and backup water purification tablets
- medication(s)
- toilet paper and other personal items such as soap, shampoo, toothbrush, toothpaste, etc.
- personal protective equipment (PPE) such as medical masks and respirators
- back up chargers and power banks for cell phone or mobile device
- cash in small bills
- portable light source such as a flashlight, headlamp or glow stick
- radio (crank or battery-run)
- extra batteries
- first-aid kit
- candles and matches/lighter
- hand sanitizer or moist towelettes
- important papers such as a copy of your household emergency plan, identification, contact lists, copies of prescriptions, etc.
- extra car and house keys
- whistle (to attract attention, if needed)
- zip-lock bag (to keep things dry)
- garbage bags and duct tape

Additional considerations:

The following list includes additional items you may require to meet your household's unique needs:

- items for babies and small children such as diapers, formula, bottles, baby food, etc.

- comfort and sentimental items such as photos of loved ones, irreplaceable items, etc.
- prescription medication
- medical supplies, equipment and copies of care/support plans including contact information for doctors or specialists
- extra pair of glasses or contact lenses and solution (if applicable)
- pet supplies (learn more on [how to keep pets safe in an emergency](#))
- any other items specific to your household's needs

Extra supplies for evacuation:

The following list includes items to have ready in case you need to leave your home:

- seasonal clothes, shoes and accessories such as hats, gloves, etc.
- sleeping bags or blankets
- lightweight plates and utensils
- survival multi-tool that includes a screwdriver, pocketknife and other basic tools
- local map with your safe meeting places identified
- playing cards, travel games and other small activities
- pen or pencil and a small paper/notepad
